

POLICY
MINDER

= ROI

“Policy Minder drastically simplifies the complex problem of establishing and maintaining a security policy. It drives the cost of compliance down, increasing effectiveness.”

Carol Woodbury,

system security expert, noted author, award winning presenter and President of SkyView Partners Inc.

It's a simple equation...

When you factor the complicated and costly task of maintaining and proving compliance, SkyView Policy Minder for i5/OS and IBM i is *the only* security policy compliance management tool that *equates to a* measurable ROI in *actual time saved*.

And time is money. We can actually *show* you how your investment in Policy Minder can turn into accountable *cost savings* by automating your manual processes and procedures and improving the efficiency and effectiveness of your compliance reporting requirements. You could save hundreds of thousands of dollars per year. Not to mention hours and hours of valuable time.
